

'Community-led design' for 254 Ponsonby Road

As a result of community consultation feedback, we are exploring how the site at 254 Ponsonby Road can be developed into a whole of site open space, **for the community and by the community.**

So it was fitting that on Valentines Day February 14th, we launched our first community awareness event for the project. We held a tea party at the site serving ginger iced tea and delicious sweet treats from Rocket Kitchen.

We handed out over 200 flyers and talked to hundreds of people about what is happening next. The Ponsonby community is excited about the development and ready for the community-led design process to begin.

What a great day we had – we were feeling the love!

See below a photo from the Valentines Day iced tea-party.

These young supporters are enthusiastic about the project - we look forward to their input as we begin the design process.

A big thank-you to the Waitemata Local Board for enabling and funding this community-led design process.

If you would like to find out more or to be part of this brilliant new initiative to create a whole of site community open space at 254 Ponsonby Road come along to our first information meeting. It's being held at the Ponsonby Community Centre, 20 Ponsonby Terrace on **16 March at 7pm.**

We look forward to seeing you there.
